Dear Michael,

My name is Charles Pleasant, and I'm with Paragon Government Solutions — a real company, run by real people, that helps homeowners sell their property simply and on their own terms.

I'm writing to you personally about **1829 Elm St**. I don't know your situation, and this isn't a pressure letter. But if the home has become a burden — repairs you'd rather not make, taxes or payments that have grown heavy, a property you inherited, or simply a chapter you're ready to close — I'd like to offer a straightforward way forward.

Here is what we do, plainly:

- We buy directly, in **as-is** condition — no repairs, no cleaning, no showings.
- You pay **no agent commissions and no closing costs**.
- We close **on your timeline** — whether that's two weeks or a few months.
- If you've fallen behind on payments, we may still be able to help — the sooner we talk, the more options you have.

Our goal isn't just to buy a house. It's to give you a clear, private, and dignified path forward — fair cash in your hands and the weight off your shoulders.

There is no cost and no obligation to have a conversation. If it's helpful, I'm here. If the timing isn't right, I completely understand.

You can reach me directly, anytime:
